good morning, Question, A city tree has fallen, it is not blocking the sidewalk. It has fallen between the sidewalk and the street, between Avenue 56 and 57 on the North side of Figueoa.

Should we ask Chrysalis to clear it away or wait for the city to get to it?

The rain has probably caused many trees to branch to fall and I'm sure the city street services will be swamped by the rain.

Should we call Chrysalis or wait for the city?
